

If your child is not feeling well for class or has an injury, please send a note in from home so that we have the necessary information to modify class activities for your child.

Serious injuries such as fractures, recent surgeries, concussions, etc., require an MD note regarding activity limitations, and clearance for full or modified participation. Our school nurse, Suzanne Deens, should also be contacted. We appreciate your coordination with medical and school staff. Your child's well-being and safety is our number one priority.

Please don't hesitate to contact us if you have any questions, suggestions or concerns. Thank you.
